

The next Wellbeing Fayre will be held at Charterhouse Square on Thursday, 22 June 2017, 12.00 – 2.00pm. Queen Mary University of London is committed to providing a healthy working environment and improving the quality of working lives for all our staff and students.

The ultimate goal of the Wellbeing Fayre is to improve the health, safety and wellbeing of our university staff/students, to prevent work associated ill health and for the overall benefit of staff/students and the organization.

Advice will be available from MIND, the Alcohol and Drug Service, and Smoking Cessation as well as information from the Occupational Health Service.

Look out for further news on [Connect](#).

H&S awards 2016

Congratulations to the winners of the 2016 Health and Safety Awards!

'MySafety' launch of new online Accident and Incident Notification Form

The new **online Accident and Incident Notification Form** was successfully launched at the beginning of May. The new form, a module within 'MySafety' (the QMUL Safety and Health Management System), replaced the previous paper based Accident and Incident Report Form. Staff should now report all accidents and incidents on the new system as the old form is no longer accepted.

You can access the form on the HSD website by clicking on the new 'Accident Reporting' tab:

<http://hsd.qmul.ac.uk/Accident%20Reporting>

A PowerPoint tutorial on how to complete the form is also available at the same location. With this system anyone can log an incident, no user account or password is required.

Once your report is submitted, you will receive a PDF copy by email. Depending on the severity, the line manager or manager of the area in which the incident occurred will be contacted by the area Health and Safety Adviser or Coordinator to investigate and take remedial action.

If you have any questions about the new online Accident and Incident Notification Form or general information about 'MySafety', please contact the Health and Safety Directorate at hs-helpdesk@qmul.ac.uk

Forthcoming H&S Training
